### **Alternative Work Duties**

New Hampshire Workers Compensation law (RSA 281-A:23-b) mandates that employers give injured employees the opportunity to work in an alternative capacity. The law applies to employers with five or more employees.

Specifically, employers must identify and design alternative job duties with the intent of returning the injured employee to his/her original job as quickly as possible. Working directly with the injured employee, the health care provider and your A.I.M. Mutual Insurance Companies Claim Representative will determine the best way to develop alternative job duties that meet the needs of all involved.

# **Second Injury Fund**

New Hampshire's Second Injury Fund gives employers an opportunity to limit their compensation costs in the event that an impaired employee sustains a workers' compensation injury which leaves him/her more disabled than the same injury would leave a non-impaired worker. The worker's original impairment can be of any type of cause – work-related or not – as long as it is a permanent impairment and is serious enough to pose an obstacle to the worker in obtaining employment. The intent of the Second Injury Fund is to provide employers with an incentive to hire and retain workers with pre-existing impairments.

In order to apply for the Second Injury Fund reimbursement, an employer must have written documentation of the pre-existing impairment before the work injury occurs. The written record can take any form you wish (e.g. pre-placement physical examination report, a memorandum to the personnel file, interview notes signed and dated by the interviewer, or a letter from the rehabilitation counselor) as long as:

- The information is recorded in writing;
- The record clearly identifies the employee and the date that the record was created;
- The record presents knowledge of a permanent physical or mental impairment.

The New Hampshire Department of Labor has developed a form to assist employers in documenting pre-existing impairments (see Form WCSIF-1c located on the following page). While the form should never be provided directly to employees to complete, an employer may ask an employee to voluntarily disclose any previous impairment, restriction, injury, illness, or disability. The employer should then document these conditions on the form and both sign and date it.

This is the only step that an employer needs to take. We recommend that you keep all Second Injury Fund records in a separate folder rather than in the personnel file. In the event that the impaired worker becomes disabled from a workers' compensation injury in the future, A.I.M. Mutual Insurance Cos. may initiate the process of applying to the Second Injury Fund and ask the employer for a copy of all applicable records.

#### THE SECOND INJURY FUND

The Second Injury Fund was established by the State of New Hampshire to encourage employers to employ people with previous injuries, illnesses or disabilities by offering the employer a limitation on workers' compensation liability with respect to these health conditions. This law is good for the employees who have previous impairments, restrictions, injuries, illnesses or disabilities and for the companies who employ them. All employers doing business in the State of New Hampshire are required to pay workers' compensation insurance. Insurance companies that write workers' compensation insurance in the State of New Hampshire pay into the Second Injury Fund based on the percentage of workers' compensation insurance business they write in the state. The amount of money in this fund is determined yearly, based on the amount of money needed to reimburse the insurance companies.

We can apply for the Second Injury Fund only when an employee injured on the job has a **documented** previous impairment, restriction, injury, illness or disability. By applying for the Second Injury Fund, we may be able to recoup some of the money paid on the claim, thereby reducing the cost of our workers' compensation insurance. It is important to point out that an application to the Second Injury Fund by us in **no way** affects an employee's workers' compensation benefits.

We need your voluntary cooperation to place us in a position to be able to reduce our workers' compensation insurance costs. In order to take advantage of this fund, we must have prior written documentation of any previous impairment, restriction, injury, illness, or disability. This information will be handled in a strictly confidential manner.

### **Express Scripts Pharmacy Program for Injured Workers**

As part of our workers' compensation medical management services, we ask injured workers to use a pharmacy program through Express Scripts, Inc. (ESI). ESI is a pharmacy benefit management company that is uniquely set up to provide prescription medications for work-related injuries.

Injured employees will be notified by mail about the pharmacy program and how it works shortly after their claim has been approved. They will also receive a prescription identification card; **the card is valid only for prescriptions related to the specific, approved work injury.** Injured employees will be asked to use an Express Scripts affiliated pharmacy to fill their injury-related prescriptions.

Express Scripts also offers a mail service program, which employees will find convenient for refilling maintenance (long-term) prescription medications. I'm sure you are familiar with the cost benefits of a mail order prescription program, and we ask that you encourage injured workers to take advantage of this service. Most prescriptions are filled within 48 hours of receipt and mailed directly to the injured employee's home. Injured employees can sign up for the mail service program through ESI by phone or by mail.

Additional benefits of the program include 24-hour access to a registered pharmacist via a toll-free number and an extensive network of pharmacies to choose from. Express Scripts offers significant savings of up to 35% over fee schedules and usual and customary charges, and the program will expedite claim processing and payment. Injured employees will incur no out-of-pocket expenses.

Injured workers will receive a condensed list of chain pharmacies in the network on their prescription card information sheet. Most major pharmacies such as CVS, Walgreens and Rite Aid are affiliated with Express Scripts. For a full listing injured workers can go to <a href="https://www.express-scripts.com/">https://www.express-scripts.com/</a> and set up an account or call Express Scripts at 1-800-945-5951. While injured employees may use a non-affiliated pharmacy, we strongly recommend they use a pharmacy within the Express Scripts network and the mail order service to realize the program benefits.

Please call the Express Scripts Workers' Compensation Service Center at 1-800-945-5951 with any questions you may have. The toll-free service is available 24 hours a day, seven days a week. As always, thank you for working with us to enhance our claim service.
